## A creative space for future fashion design professionals

Join the International Academy of Fashion (IAF) and turn your fashion dreams into reality. Formerly Lanka Institute of Fashion Technology, IAF has been Sri Lanka's leading fashion education institute since 2000. Partnering with OTHM UK, University of Northampton, and MODART International Paris, we blend global expertise with local creativity. Our hands-on learning approach and industry exposure prepare you to shine in the fashion world. At IAF, your future in fashion starts here.

## Where French Expertise Shapes Global Fashion Leaders.

MODART International, a leading French fashion school since 2001, shapes future leaders in fashion design and management. Offering globally recognized Bachelor's, Master's, and MBA programs, MODART blends French expertise with real-world projects. Established in Sri Lanka in 2014 with the International Academy of Fashion, it unites designers and managers to refine their skills. Located near the Eiffel Tower, MODART fosters creativity and adapts to global trends, preparing students to excel in the dynamic fashion industry.

OTHM is a prestigious UK-based Awarding Organisation, officially regulated by **Ofqual** (Office of the Qualifications and Examinations Regulation), ensuring that all qualifications meet high British educational standards. With a strong global presence, OTHM collaborates with an extensive network of approved centers across multiple countries, providing learners with access to internationally recognized qualifications. These qualifications are designed to equip students and professionals with the necessary knowledge, skills, and competencies to excel in their respective industries, creating pathways for career advancement, further education, and opportunities to study and settle in the UK.

### Mission and Objectives

OTHM focuses on developing forward-thinking qualifications that support professional growth and industry needs. The primary objectives include:

- Maintaining the integrity of qualifications and assessments
- Delivering globally recognized British Standard Qualifications
- Promoting professionalism across industries
- Encouraging ethical practices
- Supporting equality and diversity

With an emphasis on innovation and excellence, OTHM ensures that learners receive practical, career-focused education tailored for success in their respective fields.

OTHM is regulated by Ofqual, ensuring high standards and credibility. Ofqual oversees vocational qualifications in England, including those listed on the Register of Regulated Qualifications.

OTHM is a full member of the Federation of Awarding Bodies (FAB), the UK's trade association for vocational awarding bodies, advocating for quality and industry alignment.

### University Progressions

OTHM qualifications meet university entry requirements, though admission depends on individual assessment. Recognized by Ofqual, they offer pathways to top-up degrees, master's, and MBA programs in the UK and worldwide. The following universities confirm these progression opportunities:

- Anglia Ruskin University
- Arden University
- Aston University
- Bangor University
- Buckinghamshire New University
- Cardiff Metropolitan University
- Curtin University
- De Montfort University
- Dublin Business School
- Edith Cowan University, Australia
- Northumbria University
- Queen Margaret University Edinburgh

## STYLE MODAINPELLE ACADEMY

Style MPA (Style MODAINPELLE ACADEMY) trains international students under the supervision of highly experienced Italian experts to become successful fashion accessories designers and pattern-makers.

MPA Alumni are entitled to have a continuous interaction with the Style MODAINPELLE magazines - [www.mpastyle.it](http://www.mpastyle.it), a leading source of information for trend forecast and continuous updating on latest manufacturing technology - to herald their design work and even have it published; furthermore, they have the possibility to establish a "fast track" for the interaction with Italian factories, component manufactures and tanneries, taking advantage of services of product development and outsourcing.

The partnership with International Academy of Fashion (IAF) aims at creating an international environment with students from different countries. This provides intercultural exchange where attendees can expand their vision of the world and experience new cultures that will stimulate inspiration in Italy's Fashion capitol.
